Dear Mrs. Marsh:

In your letter of October 23 you referred to the meeting of the School Board on November 13. The meetings are held regularly on the second Monday of each month and that will be the 14th of November.

I expect to be in Richmond most of this week, but I hope that some time next week we can have an opportunity to talk over a few of the problems that are of a more immediate concern to us, and I also want to give you a copy of the School Budget and School Laws.

We have an immediate problem that will come up at the next School Board meeting as to whether we should house an overflowing room in a corner of the basement now used as a dining room or in the auditorium or in a room created by removing the partition between the combined clinic and teachers' restroom and the office. I think the teachers and patrons do not agree about this.

I believe it would be helpful if we could go to the school together and talk some about the problem.

Very sincerely yours,

O. L. Emerick  
Division Superintendent
