SUPTS. MEMO. NO. 2899
May 1, 1953

Health

TO: The Division Superintendent

FROM: Dowell J. Howard, Superintendent of Public Instruction

SUBJECT: POLIO MESSAGE FOR PARENTS

Early in May you will receive from the National Foundation for Infantile Paralysis a sufficient supply of their pamphlet entitled, "Polio Message for Parents," so that each child in your district may be given one by his teacher to take home.

We are now in a period of critical significance in the control of polio and there is a tremendous educational problem facing the authorities, particularly the State Health Department and the Virginia Medical Society. Any assistance you can render through the widespread distribution of this folder will help in a very positive manner.

More than ever before, teamwork by all interested in the health of our children is essential to assure community understanding and avoid unreasonable demands for gamma globulin.

I am sure you will agree that this program of the National Foundation for Infantile Paralysis deserves our whole-hearted support.

DJH/p

Mr. Emerick

Supts.Memo No. 2893
April 14, 1953

MEMO TO: Division Superintendents

FROM: R. Claude Graham, Director of Instruction
Harold K. Jack, Supervisor, Health and Physical
Education, Safety and Recreation

SUBJECT: "LEARN TO SWIM" PROGRAM

Again, as in the past three summers, the State Department of Education and the American Red Cross, are cooperating in a state-wide "Learn to Swim" program. As the result of this cooperation more than 40,000 children in Virginia participated with approximately 20,000 receiving certificates.

Through the continued cooperation of schools and local chapters of the American Red Cross, it is hoped that swimming and water safety instruction will be provided in every locality where facilities and competent training personnel are available.

Local Red Cross chapters are interested in supplying leadership and organizing such programs where possible. Your interest and cooperation with your local Red Cross chapter in the development of this program will be appreciated.
