Dear Parents and Teachers:

Please accept my deep appreciation for the way you cooperated in making our first County-Wide meeting a success.

This first gesture is only a beginning of the many worthwhile things we hope to do this year to make our community a better place in which to live. As Mr. Henderson told us - "our duty as citizens is to provide the best educational facilities possible for our children". This, as you know, makes for better community living.

We know that by working together toward this end our rewards will be measured not by the outside manifestations but by the attitudes and ideals.

We need to get closer together now more so than ever before to provide the right kind of education for our children. Parents cannot work successfully without the aid of the teachers, and teachers need your assistance, parents, in order to best care for the physical and mental needs of your child.

Again let me thank you for your presence and may we meet again soon with as much enthusiasm and interest.

Very truly yours,

G. A. Alexander,

Joanes Supervisor.
