Douglass High School Addition:

Membership now ----- 224

This school has auditorium, 5 classrooms, general shop, science room, music room, home economics unit (4 rooms), office, clinic, teachers' restroom and library.

Addition required - 2 classrooms, cafeteria, and gymnasium.
Lot size 10 A. Required 13 A.

School Bus Garage:

4 compartments to care for maximum capacity of 60 buses.

(Some consideration should be given to crowding at Hillsboro and to space for Negro children along the Fairfax boundary line;) and that there seems to be no other means of financing the buildings except through a voted Bond Issue and that the estimated cost of the proposed buildings and additions including equipment is \$700,000.00. However, the two boards feel that no steps should be taken in reference to construction of the proposed buildings and additions until and unless reasonable assurance shall have been given by the parents of colored children of the county that they will conform to our considerate opinion that their education can be promoted better by their continued school attendance on a segregated basis.
