NOTE—Write Mr., Mrs. or Miss, as the case may be. Report the names of teachers by districts, naming white teachers of each district first and then colored. Leave one line between districts in which should be inserted the name of the succeeding district. This form should be folded in the monthly report of Superintendent as part of same. Be sure to use two lines for each name, as both post-offices are needed. Use both sides of sheet as far as may be necessary. It is desired to have as few sheets for binding as possible.

NOTE—Write Mr., Mrs. or Miss, as the case may be. Report the names of teachers by districts, naming white teachers of each district first and then colored. Leave one line between districts in which should be inserted the name of the succeeding district. This form should be folded in the monthly report of Superintendent as part of same. Be sure to use two lines for each name, as both post-offices are needed. Use both sides of sheet as far as may be necessary. It is desired to have a few sheets for binding as possible.

November 1915 W. C. Edmondson Division Superintendent.

NOTE—Write Mr., Mrs. or Miss, as the case may be. Report the names of teachers by districts, naming white teachers of each district first and then colored. Leave one line between districts in which should be inserted the name of the succeeding district. This form should be folded in the monthly report of Superintendent as part of same. Be sure to use two lines for each name, as both post-offices are needed. Use both sides of sheet as far as may be necessary. It is desired to have as few sheets for binding as possible.

W. G. Edmondson

Division Superintendent.

NOTE—Write Mr., Mrs. or Miss, as the case may be. Report the names of teachers by districts, naming white teachers of each district first and then colored. Leave one line between districts in which should be inserted the name of the succeeding district. This form should be folded in the monthly report of Superintendent as part of same. Be sure to use two lines for each name, as both post-offices are needed. Use both sides of sheet as far as may be necessary. It is desired to have as few sheets for binding as possible.
