

We, the patrons of the Cool Spring School, realize the inadequacy of the present half-day school, and, where-as the ages of the pupils as well as the number enrolled would seem to justify their having transportation to and from the Leesburg Graded School, Therefore, we, the undersigned do humbly petition the Loudoun County School Board to furnish safe and comfortable transportation for said pupils to and from the Leesburg school, beginning with the session of 1932_3.

Signed:
