**To the Voters of Loudoun who
 are Interested in the Rural
 Public Schools.**

If the voters of Loudoun de-
 sire a concrete illustration as to
 how at least one of our candi-
 dates for the General Assembly
 stands in regard to the policy of
 closing our one-room rural
 schools, we, the undersigned
 tax-payers and patrons of the
 Clarke's Gap School, can give
 this concrete illustration in re-
 spect to the attitude of the Hon.
 B. F. Noland on this question.

While Dr. Noland favors a just
 and liberal policy towards the
 High Schools, we know he is in-
 hearty sympathy with and a
 strong supporter of the one
 room school where local condi-
 tions are such as to work a hard-
 ship in closing it, by the deep in-
 terest he took and the earnest
 efforts he made in our behalf in
 re-opening the Clarke's Gap
 School which had been closed by
 order of the School authorities,
 as we believed, to our serious in-
 convenience and the detriment
 of our entire neighborhood.

We believe and cheerfully tes-
 tify to the fact that Dr. Noland
 was largely instrumental in pre-
 vailing on the authorities to re-
 open our school, and, apprecia-
 ting his efforts for us in this be-
 half and believing him in every
 way well worthy of the Honor to
 which he aspires and thorough'y
 qualified in all respect for the
 office as well as being sound on
 the school question, we are sup-
 porting his candidacy.

(Signed)
 L. M. Carr, C. W. Atwell, W.
 H. Fling, E. F. Myers, J. W. Garr,
 J. C. Carr, Ish Myers, J. E.
 Griffith.
