The meeting was called to order by the President, Mr. R. R. Braden. The opening exercises consisted in singing "America," reading of the 19th Psalm and prayer by Rev. Parrish. Uniform Examination for Seventh Grade was first discussed. Mr. Barrett made an address upon this subject. On account of length of terms, he believes this cannot be done unless the schools end at the same time. A "Round Table" discussion was conducted on this subject by Supt. Edmondson, in which Profs. Adkins, Simpson, Felts and Hunter took part. Rev. Parrish made an inspiring address upon the "Province of the Teacher." He says "Efficiency is the keynote of good teaching" common sense and education combined are invincible forces. Miss Blanch Ankers made a splendid report for the Grammar Grade department, which she represented in the Richmond Conference. Upon request of the Association, a brief synopsis is given.</p>	<p>The total enrol was 263 and aver attendance 95.65. shows enrollment attendance and grades: First Grade, on roll, 90.55 % honor roll; Virgil Clemens, Dorolb Saunders, Aaron Sampsel, John Thompson, Lily Beth Grimes, Margia Steadman, Miss Hallums, 2 of attendance, 1 Wm. He touched upon the different challenges that come to different people; as the challenge that the stars hold out to the astronomer, or that which disease puts before the doctor. The teacher should not only study dormant possibilities of the pupil but should enter every field of knowledge. The teacher should study and think the thoughts of God, and as St. Paul says, he should "study to show thyself approved unto God a working man that needeth not to be ashamed, just as the valley of the Nile is fruitful because of the overflowing love of the teacher bring forth fruit in the lives of the pupils.</p>	<p>Miss Ruth Keyes made a report, which is well worth printing, upon the one-room school; Mr. Felts, also made one on High School.
