Dear Mr. Heaton:

Your article in the Blue Ridge Herald, written by you as guest editor, was one of the best statements that has been made in connection with our efforts to build a consolidated high school in Loudoun County.

I appreciate your kind expression in reference to myself and also those complimentary to Mr. Douglass N. Myers. Apart from these two statements, I feel that your language was very forceful and the illustration that you used was very appropriate to a farming population such as we have in Loudoun County.

I wish you could write some more for us.

Very sincerely yours,

O. L. Emerick  
Division Superintendent
