N. G. Edmondson.

The Mirror wishes to congratulate Superintendent of Schools W. G. Edmondson upon his re-appointment as School Superintendent of Loudoun County in of very warm and active tion. At the same time believe that those who opposed appointment of Mr. Edmondson will, now that the fight is over, work with him for the betterment of school conditions throughout Loudoun. There can be very little doubt that the appointee will receive the backing of those who sought to replace him with a Loudoun County man and this will be greatly to their credit.

It is a matter of great satisfaction to the parents in this County that no charges were made against Mr. Edmondson's character and that his honesty never questioned. Mr. Edmondson is a man of fixety of purpose and he has followed out his own ideas in regard to the school situation of the county.

One of the complaints made against the incumbent was that he was trying to eliminate too many of the one room schools but we believe the additional years of residence in this county have made Mr. Edmondson realize that the mountainous make-up of Loudoun forbids the routine elimination of the one

on Forsythe's curves or to bring the law on the Bankers, heavy swatters.

Banker Gibson displayed a great deal of activity around the first sack accepting all chances and also took one of Hall's slants in the ribs without so much as a grunt of protest. Billy Martin for the Lawyers fouled one ball in four times at bat. The one feature of the game was the extreme politeness of Dr. Parker and Att'y Martin and the high regard they have for one another's ability to chase the ball. On several occasions those two gentlemen refused to take a chance of injuring the other's feelings by going after hits which fell between them.

Had the big league scout been present as advertised Leesburg would have lost a good citizen and banker because there is very little doubt that Hubert Plaster would have been called to the big noise to help lessen Ty Cobb's batting average by his marvelous stops. Dr. Harry Gibson shone brightly behind the home platter—a loud pair of stockings aiding materially in the shining.

It is hoped that another game will be arranged betwixt these two fast nines and the large crowd present testifies to the popularity of such a contest.

One of the complaints made against the incumbent was that he was trying to eliminate too many of the one room schools but we believe the additional years of residence in this county have made Mr. Edmondson realize that the mountainous make-up of Loudoun forbids the entire elimination of the one room school and that he will carry out the idea of the central school only where he believes it practical. Being a man of pleasing personality the Superintendent will soon, if he hasn't already done so, adapt himself to conditions in Loudoun where he finds it impractical to adapt conditions to the wishes of the school board.

A GLANCE IN PASSING.

S. Gordon Cumming has filed his primary election expense account in which he declares he spent \$1,144.12 in the six weeks in which he was seeking the office of Attorney General.

Old Soldiers' Day At Loudoun Camp Meeting.

Old Soldiers' Day was observed at the 21st annual Loudoun Camp meeting on Tuesday and a large crowd enjoyed the ceremonies and left better off for having heard two excellent addresses. Hon. Samuel Williams was unable to make the chief address on account of being detained in Richmond by an important case in court. In his stead Mr. Harry T. Harrison of Leesburg, who was to introduce Mr. Williams, made the chief address. Mr. Harrison, always an excellent talker, was in fine fettle, and his speech at Benton Woods even surpassed the one he made at Leesburg on Memorial Day.

Mr. Harrison was followed by Rev. D. E. Kern, of Alexandria. Mr. Kern made a wonderful talk to the Veterans and his eloquent and yet conversational manner won for him a warm spot in the hearts of the followers of Lee.

Capt. W. E. Garrett of Leesburg made an address to the old soldiers and as last year his speech was filled with feeling and constantly applauded.
