Unapportioned County Fund

NOTES—If Tables 1 and 2 have been correctly filled, the total in Table 1 (column 11) will just equal the Grand Total (column 22) in Table 2.
Report the expenditure of County School Funds not apportioned among or belonging solely to the respective districts, if any, in a line devoted to that purpose and headed "Unapportioned Funds."
(a) Under the head of Amount Paid Out, report amount actually paid out (not amount of warrants issued) during the year, whether for current or preceding year.
(b) Under this head report only regular pay of clerks. Do not include cost of stationery, compensation for taking census, etc.
Of course, the sum paid to, or received from, other counties will not be counted twice by the State Department in making up the aggregate for the State. The superintendent must see that the clerk's and treasurer's reports tally in all respects with each other and with his own report. The amount actually paid by the treasurer, and not warrants issued, must be taken as the basis in all cases.
