Dear

Virginia

Dear Sir:

Referring to your letter of January 15 addressed to the Board of Education, Richmond, Virginia, concerning a school bus for the children in your community, I am glad that the providing of both school buildings and transportation facilities are matters under the jurisdiction of local school authorities. I am, therefore, suggesting that such complaints as you may have to your Division Superintendent of Schools or county school board and I feel very sure that they will do whatever they can to comply with justifiable requests.

Nothing is done in this on account of color.

not haul white and colored children in the same bus. We haven't thought of that. These two things are what is in the minds of the colored people and their complaints are agitating this question. This is of course all a guess, but it is based on a bit of information.

Very truly yours,
F. F. Jenkins, Director
Administration and Finance
