

Secretary-I will call the Willisville school children they will sing  
a spiritual for you. (Then my Lord Will Carry Me Home)

( School Sings)

U. S.-(looks at his watch) It is getting late, Fred you must hear  
about the Negro in Politics and Art and Sculpture) and then we must  
hurry to lunch. This afternoon I shall take you to the Hall of  
Fame.

14th.-(Report on Negro in Art and Sculpture

15th.-(Report on Negro in Politics.

F. D.-It is remarkable! I would never dream that just wonderful  
things could have happened to our people.

U. S.- Fred, these children have told you only a few of the great  
changes. The Negro has done much work in many fields. Right now he  
could play a very important part in our Defense Program but many of  
our great factories have been closed to him.

F. D.-That seems tragic for I am sure that the Negro loves work  
and as he prayed for in my day "Opportunity Not Alms"!

U. S.-We must hurry Fred.

F. D.-Thank you indeed Uncle Sam. I can never repay this kindness.

Secretary-Mr. Douglass your car is waiting!
