ROFLEY ROLLER

Samuel N. Brown, Chairman, Mt. Milead District School Board.

DEAR SIR: I most cheerfully respond to your request for a more "detailed" statement of our School work and finances. I do not agree with you that my published statements are "likely to mislead."

But be that as it may, I hope, these hereto appended, will "place the Districts in a light, where it can be much more easily demonstrated, that the expenditures of money, and school work are in just proportion."

This can be readily done by comparing the expenditures and work of each District with the same of the others.

Respectfully Yours,

W. GIDDINGS,

Co. Supt. of Schools.
