

February 13, 1945

Mrs. Mildred Jackson, Pres.

Parent-Teacher Association and Community League
Middleburg, Virginia

Dear Mrs. Jackson:

I have your letter of recent date in reference to setting the date and hour of meeting to discuss the transaction required to purchase a lot at Middleburg. I shall try to see Dr. Edmead at an early date and discuss with him the problems that are involved in purchasing this lot. I understand that he is the chairman of your committee. There is not much we can do about purchasing a lot at a meeting of the committee until and unless we have some definite sites in mind. I think that it was explained in the presence of the committee at the School Board Meeting that we should have five acres of land.

I have been waiting on this matter to give Dr. Booth and the committee some time in which to make some inquiry as to the possibility for a lot.

Very sincerely yours,

O. L. Emerick

Division Superintendent
