

May 14, 1930.

Mr. Robert M. Coe,
Leesburg, Virginia.

My dear Mr. Coe:

Your request by yourself and others that in appointing the fourth teacher at Leesburg we select a high school and normal school graduate has been received. I desire to say that it has been my plan to recommend a teacher with those qualifications or higher to our board and assign her to do work above the seventh grade in the school.

Very sincerely yours,

Division Superintendent.
