Dear Sir,

The patrons of the Waterford School write you to protest the sending of one, Miss Esther Randolph back to us as teacher. For two sessions we have put up with her way and last year she said she did not want to come back to us. Our children were cowed to death and learned nothing. We would certainly appreciate some one that appreciated us and is not afraid of us. Her coming back will cause a great split in the school and create so much dissatisfaction. Please ~~not~~ send us some one else or let us get one we know will treat us and our children like people.

Yours Respectfully
