Dr. W. C. Orr,
Leesburg, Virginia.

My dear Mr. Orr:

After due reflection it occurs to me that since we are holding a meeting in relation to the appeals advantage might be taken by one side or the other of a technicality on account of the place of the meeting and it would be safer to meet in Mt. Gilead district. Attorneys for one side raised this question in court. Mr. Connor raised it when we had our most recent meeting at Leesburg, and Mr. Barbour has asked that any meeting be held in the district.

I have no objection to coming to Leesburg and personally think it would be legal but there can be and has been some question raised about it.

Very sincerely yours,

Division Superintendent.
