Mr. O.L. Emerick, Superintendent
Loudoun County Schools
Leesburg, Virginia

Dear Mr. Emerick:

A great many schoolmen are concerned about the possibility of attempts being made to amend the Virginia Constitution so that the state would not be required to maintain a system of free public school education.

In accord with newspaper accounts and discussions it seems likely that an attempt will be made at the next regular session of the Virginia State Legislature to amend the constitution.

It is our desire to obtain the opinions of school superintendents in Virginia with respect to the issues now being discussed. We are, therefore, requesting that you respond to the questions accompanying this letter. The questionnaire is very brief and should not take more than a few minutes to complete.

We assure you that all replies will be treated confidentially and that no reference will be made to individuals, school divisions or geographic areas.

This study is being conducted under the direction of Dr. A. M. Jarman, Professor of Education, University of Virginia.

Very truly yours,

Carl Campbell
