Attention: Mr. Emerick

Dear Mr. Emerick:

The writer has been reviewing our correspondence with you relative to your requirement for School Bus Bodies. We are, of course, exceedingly anxious to see you again purchase Hackney School Bus Bodies for your fleet.

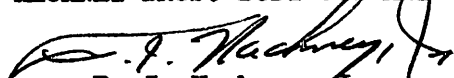

If you would like we would be most pleased to have one of our representatives meet with your Board in order to discuss in detail the construction and relative merits of the Hackney School Bus Bodies.

Won't you please allow us to hear further from you relative to the above? ✓

With best wishes, I am

Very truly yours,

HACKNEY BROS. BODY COMPANY

Attention: Mr. O. L. Emerick

Dear Mr. Emerick:

We wish to thank you for your letter of May 29th.

Naturally we regret not being able to do business with you this year, but hope that we may have an opportunity to bid on your next years requirements.

Thanking you, we remain

Very truly yours,

Gentlemen:

The County School Board desires to have proposals on school bus chassis for mounting a 60-passenger school bus body.

It is my understanding that Ford now makes such a chassis.

The tires should be 8 25x20 10 ply front and rear. We should like to have the freight rate indicated to Conway, Ark., Richmond, Ind., and High Point, N. C. and Wilson, N. C.

Your quotation should include the following statement: The chassis described herein will meet the specifications of the State Board of Education of Virginia for school bus chassis.

We should like to have these prices in my hands not later than the 11th of May for consideration of the School Board on the 13th. No information about your proposal will be divulged to anyone prior to the meeting of the School Board.

Very sincerely yours,

O. L. Emerick
