

Leesburg, Virginia

November 1, 1943

To All Principals:

I am sending to you under separate cover some material on County Government which Miss Haertel and I have prepared for the use of classes in civics in the seventh grade and also in the high school.

A clear understanding of, and an interest in county government is very desirable and I hope considerable emphasis can be put on this phase in the class in civics in your school.

I hope it will be possible for this material to be revised each year as a necessity may arise.

Very sincerely yours,

*O. L. Emerick*

O. L. Emerick
