week end conference at

and telephone messages to our
State Legislature urging their
support of the enabling act were
especially interesting and en-
couraging. At the hour of noon
a brief period was devoted to
silent prayer and a few heartfelt,
spoken words by Mrs. Gray. A
letter was read from our State
President, Mrs. H. M. Hoge,
stating that her reason for being
absent was the serious illness of
her mother and saying that this
was the first quarterly conven-
tion, during her long period of
service in the organization, that
she had ever failed to attend.
Resolutions of sympathy were ex-
tended to Mrs. Hoge and her
family in their hour of anxiety.
During the noon hour full jus-
tice was done to the palatable
lunch furnished by the Bluemont
Union and their friends.

The afternoon session was open-
ed with singing and devotional
exercises conducted by Mrs. J.
H. Emrick. Dr. J. C. Bradford,
who had expected to address the
meeting was prevented from at-
tending by death in his family,
and resolutions of sympathy were
extended to him. A letter from
Mrs. Hoge was read and the dis-
cussion of "The Best Methods
of Securing votes for State-wide
Prohibition" was taken up and
very ably presented by the Rev.
S. P. Ridgway. The discussion
was continued by Mrs. A. W.
Gregg. A song by Miss Alice
Hansucker was much enjoyed.
A number of posters were dis-
tributed and after offering to the
ladies of Bluemont a vote of
thanks for their abundant hospi-
tality the convention closed with
an appropriate song and the
benediction offered by Mr. Ridg-
way.

**PLAN TO HAVE BAND
DURING SCHOOL FAIR**

There is a plan on foot and
already money has been rais-
ed to have a band here in
Leesburg during both days
of the school fair of Loudoun
county, which will take place
in Leesburg on May 1st and
2nd. There is no doubting
the fact that the fair brings
a large number of people to
Leesburg and trade with the
local merchants should be
brisk during those two days.

There is a committee in
charge of the Leesburg end
of the Fair and it is doing
everything possible to make
the two days a grand success
in so far as the Leesburg end
of it is concerned.

Those who are actively con-
nected with the School Fair
predict that the exhibits will
be better in quality and quan-
tity than ever before and the
school children are looking
forward to the two days with
the keenest sort of interest.
