

Round Hill Ia

Mr O. L. Emeric

We have just been informed that there is a vacancy in the primary department caused by the resignation of Miss Phoebe ~~Garrett~~ Garrett. My recommendation is sent as an emergency, having not heard that the vacancy existed more than 10 days, which not only is a surprise, but the thing has thrown her friends into some confusion for lack of time. The lady whose petition is herein found, is a lady above reproach, so considered by those who have known her since she was a small girl. It is with great pleasure that I inclose these lines with her petition. If I had had time I am sure that the patrons of our school would generally ~~and~~ indorse her

Very truly
O. L. Beavers
